

DEBATE

STATEMENT: “Before switching to green, developing nations should give importance to provide conventional energy to its energy deprived population”

RULES:

1. The participants will be divided into two teams - one team speaking for the motion and the other against it.(2-3 participants in each team)
2. In order to establish an assertion the team must support it with enough evidence and logic and advocate everything related to the topic.

FLOW of DEBATE

There are three debaters per side. Each debater gives one speech. This is the order of the speeches:

* First proposition constructive in 6 minutes

This speaker makes a case for the motion for debate.

* First opposition constructive in 6 minutes

This speaker makes arguments against the proposition team's case.

*Second proposition constructive in 5 minutes

This speaker should rebuild and extend upon the propositions case.

*Second opposition constructive in 5 minutes.

This speaker amplifies the opposition arguments against the case, providing new information about why the opposition team should win the debate.

Opposition rebuttal in 3 minutes

*This speaker must put the debate together and explain why, given one or more arguments in the debate, the opposition team should win the debate.

Proposition rebuttal ñ 3 minutes

*This speaker should summarize the issues in the debate and explain why, even with the opposition's arguments, the proposition

The decision of the judges will be final and not questionable.
